

# SABA KAUSER

London, United Kingdom \* +91-8310483396 \* **mail** - sabakauser411@gmail.com

\* **Skype** - live:.cid.4e5452334e2d9f97 \* **LinkedIn** - <https://www.linkedin.com/in/saba-kauser/>

\* **Having a visa/ permit to work anywhere in the United Kingdom (no sponsorship required)**

---

Bachelor's in information science ('19), Front End Developer, JavaScript(ES6), ReactJS, Typescript, HTML5, Python3, CSS3, Bootstrap, Sass Pre-processor, C, C++, SQL, Java, CMS, Microsoft Azure, Agile Methodologies, Jira, Git and GitHub, Selenium WebDriver

## PROFESSIONAL EXPERIENCE

### **Brillio Technologies** (2021 October — Present) - **Senior Engineer**

- Developing, testing and deploying responsive UIs using Reactjs framework
- Extensively used html, css, javascript, typescript and pre-processors like sass during the course of development.
- Gained knowledge on Sitecore cms while handling the front end technicalities.
- Refactored, cleaned and optimised old code by implementing eS6 concepts for better maintainability.
- Reviewed work done by peers by providing necessary suggestions and improvements.
- Applied sound methods to collect user stories , understanding the requirements corresponding to the UX Figma designs and developed best solutions for implementation.
- Deployment of code using Microsoft azure.
- Demonstrated strong interpersonal skills to interact effectively with a range of stakeholders, to communicate technical concepts across organisational and technical boundaries.
- Worked as a part of the onsite team, demonstrating flexibility, adaptability and supporting a culture of collaboration and trust.
- Collaborated with UX designers, backend developers, quality analysts and other team members.
- Understanding and usage of scrum and agile methodologies.
- Technically upskilled to meet the business requirements and implemented the concepts learned in the projects worked.

### **NTT Data Inc** (2019 September — 2021 October) - **Services IT Development Program Senior Associate II**

- Demonstrated in depth practical experience programming while converting UI/UX designs into responsive web platform using html, css & javascript.
- Developing responsive web application across all browsers & devices using css & bootstrap
- Writing and maintaining clean code by Using DRY, KISS, object-oriented approach and declarative principles.
- Considerable usage of Git and version control.
- Developed keyword driven automation frameworks using Selenium WebDriver & Java.
- Worked closely with back-end engineers, product managers, and interaction designers.
- Implemented new features and proactively optimized the existing code.

## **EDUCATION**

Visvesvaraya Technological University , Belagavi , Karnataka. (2015 Aug - 2019 Jun)

Bachelor of Engineering - Information science and engineering CGPA = 8.7/10

Coursework : Web Development, Machine Learning, Advanced Data Structures, Design and Analysis of Algorithms, Computer Architecture, Computer Networks, Database Management Systems, Operating Systems, Software Engineering, Theory of Computation, Data Structures and Algorithms, Probability and Statistics, Graph Theory, Big Data Analytics, Business Intelligence.

## **ACHIEVEMENTS & RECOGNITIONS**

- Special Appreciation Award – Brillio - June 2022
- Group Excellence Award – Terminix(client) - Oct 2022
- Virtuoso - Innovative thinking award - NTT DATA - 2021
- Cult-Secretary, Department of Information Science & Technology
- Best Research Paper Award - NCSEM - National conference on Science, Engineering & Management.- 2019
- Tech Conference -JAM - Winner - 2019

## **CERTIFICATIONS & LICENSES**

- Hacker Rank Certificates - JavaScript, Java & CSS
- SDET - NTT DATA
- The Complete JavaScript course 2021 - Udemy
- The Complete Sass and SCSS course - Udemy
- React - The complete guide - Udemy
